Things to consider?

Travelling to school	Are the children catching the bus, getting dropped off in the car, getting a taxi or able to walk or cycle to school - is this the same or different?
My classroom	Do the children know they will have a form room but will move round the school for different classes? How is this different - what might they have to think about?
Teachers	What do the children think may be similar and different about the teachers? Number of teachers, form tutors, Heads of Year, different subjects etc
Classes and subjects	What might be new and exciting, what is going to be similar? What are they looking forward to? (science labs, sports facilities, learning a foreign language, drama lessons etc)
Lunchtime	Will they be having a school lunch or bringing a packed lunch - what do they need to think abou and remember?
My friends	Is most of the class going to the same school? They may be in different form groups to current friends - how do they feel about this - how will everyone in year 7 be feeling?
Clubs and sports	What clubs and activities do the children do now both in school and out of school - what will be new or similar at high school?
Getting home	How are the children getting home - is it different to how they get to school in the morning? Will they need a house key as everyone else will be out?
Homework	What do the children think will be similar and what will be different about homework? (Having homework most nights & multiple subjects) - what may they need to think about to complete homework on time?
